Clean and clear-cut lines, the elegance of the shapes, the care for details and materials, extremely soft cushions with a surprising "wrap around" effect within a frame of highly contemporary design: all features turning the AVANT-GARDE into a product of utter refinement, for sophisticated and demanding environments.

Une grande linéarité formelle, la netteté significative des formes, le soin apporté aux détails et aux matériaux, les cousins souples et étonnamment enveloppants dans une structure à la rigueur contemporaine: ces éléments font de la collection AVANT-GARDE un produit très raffiné, pour un milieu élégant et exigeant.

Eine ausgeprägte Formlinearität, eine bedeutungsvoll Zuschnittsauberkeit, Sorgfalt an Details und Material, samtige und erstaulich umhüllende Kissen in einer zeitgenössischen Struktur. Die Kollektion AVANT-GARDE: ein sehr raffiniertes Produkt für einen eleganten und anspruchsvollen Raum.

Linea BED

Con questa collezione di letti imbottiti, il design sposa la maestria dell'artigianato i cui segreti sono tramandati di generazione in generazione. L'essenza della filosofia NEW TREND CONCEPTS è pienamente espressa in questo progetto i cui punti di forza si riscontrano nell'innata eleganza, nella ricchezza della gamma, nei materiali pregiati, nell'armonia dei dettagli e nelle lavorazioni interamente eseguite a mano.

With this collection of upholstered beds, design is combined with the artisan skills whose secrets are jealously guarded and handed-down from generation to generation. The essence of the NEW TREND CONCEPTS philosophy is fully expressed in this project whose strong points can be observed in the intrinsic class, the quality of the materials, the harmony of the fine details and the exclusiveness of the operations that have been completed by hand.

Avec cette collection de lits rembourrés, le design s'accorde avec la maîtrise de l'artisanat dont les secrets sont transmis de génération en génération. L'essence de la philosophie NEW TREND CONCEPTS est pleinement exprimée dans ce projet dont les points de force on peut les observer dans l'innée elegance, dans la richesse de la gamme, dans les matériaux réputés, dans l'harmonie des détails et dans les travaux exécutés entièrement à la main.

Mit dieser Kollektion von Polsterbett das design trifft die Meisterschaft des Handwerkes, deren Geheimnisse von Generation zu Generation weitergegeben wurden. Das ist die Essenz der Philosophie von NEW TREND CONCEPTS, die durch dieses Projekt sich komplett ausdrückt, dessen Schwerpunkt in der natürlichen Eleganz, in dem Palettereichtum, in den hochwertigen Materialien, in der Harmonie der Details sowie in der vollständig handgemachten Herstellung festzustellen ist.

Отличительная характеристика этих кроватей, состоит в современном дизайне, и в тоже время использование античного мастерства при обивке, которое передается из поколения в поколения.
